

Cam Bogle - Bring Me Back Again

[Verse 1]

She called up my phone, a half-past twelve  
She's all alone tonight  
And I don't know, what she's all about  
But we've got plans, well let's head on out

[Chorus]

Because I wanna roll north  
I wanna roll south  
I wanna drive my truck over to your house  
A bottle of Jim  
A bottle of Jack  
Two lane road, foolin' 'round in the back  
Party over here  
Party over there  
Feeling kinda funny with the whiskey in the air  
I can't see clear now, no I can't see clear

You push me to the edge and back again  
Hit like a hurricane, she pulls me in  
No, I won't run away 'cause fools rush in love  
You push me to the edge and back again  
Girl, you bring me back again

[Verse 2]

I drove around town, I'm burning gas  
Got my 4 by 4, and a 12-pack  
I still don't know, what she's all about  
But we've got plans, well let's head on out

[Chorus]

Because we wanna roll north  
We wanna roll south  
We can drive my truck over to your house  
A bottle of Jim  
A bottle of Jack  
Two lane road, foolin' 'round in the back  
Party over here  
Party over there  
Feeling kinda funny with the whiskey in the air

I can't see clear now, no I can't see clear

You push me to the edge and back again  
Hit like a hurricane, she pulls me in  
No, I won't run away 'cause fools rush in love  
You push me to the edge and back again  
Girl, you bring me back again

[Bridge]

Life's too short, c'mon let's go  
Don't mess with the plans, just go with the flow  
Shakin' those hips, doing the twist, mmm

Life's too short, c'mon let's go  
Don't mess with the plans, just go with the flow  
Shakin' those hips, doing the twist

[Chorus]

You push me to the edge and back again  
Hit like a hurricane, she pulls me in  
No, I won't run away 'cause fools rush in love  
You push me to the edge and back again  
Girl, you bring me back again  
You bring me back again  
You bring me back again  
You bring me back again  
Girl, you bring me back again

## Cam Bogle - Walking Out The Door

### [Verse 1]

There was a time when laughter filled these walls  
When we both felt like we belonged in  
One another's arms  
But we fell too hard

Sticking around but the match is burning  
Grasping for air but the water's surface  
Is getting out reach  
How'd we  
Let this sink so deep

### [Chorus]

I don't wanna waste this time  
I don't wanna head down to the riverside  
I've got something else that I want to tell you  
We've been trying to work this out  
And it hurts to let these words out  
But you and I cannot be no more  
I'm walking out the door  
I'm walking out the door

### [Verse 2]

You were the firefly that lit up my nights  
The ocean rays that lit up my days  
But we slipped apart  
And it's hard to mend a broken heart

Please believe when I say this, I want the best for you  
I hope you find the right one, that forever loves you

### [Chorus]

I don't wanna waste this time  
I don't wanna head down to the riverside  
I've got something else that I want to tell you  
We've been trying to work this out  
And it hurts to let these words out  
But you and I cannot be no more  
I'm walking out the door

[Bridge]

You're probably staring out the window as I'm walking away  
Hoping that I'll look back and walk your way  
Tell you that I'm sorry and that I'm going to stay  
But I'm sorry baby, I know that you'll do well without me

[Chorus]

I don't want to waste this time  
I don't wanna head down to the riverside  
I've got something else that I need to tell you  
We've been trying to work this out  
And it hurts to let these words out  
But you and I cannot be no more  
I'm walking out the door  
I'm walking out the door

I'm walking out the door
